High Value Announcements

AUTOSAR & iSoft CAPI Contribution

At the 17th AOC in Shanghai, AUTOSAR and iSOFT announced a major [CAPI](#) contribution, supporting the shift from SDV to AI-defined vehicles. The contribution adds executable Adaptive Platform components to accelerate interoperability, integration and deployment across future centralized automotive software architectures.

17th AUTOSAR Open Conference: A Look Back at an Outstanding Event

The 17th AOC took place on June 10-11 in Shanghai, China, under the motto *"Combining Open Source, Community Source and Commercial Automotive Software: Challenges and Solutions."*

The event brought together 300+ automotive experts from around the world to discuss the latest developments in AIDVs and SDVs.

Access the full recap on the [AUTOSAR website](#).

Thank You to Our Sponsors for Their Valuable Support

Thank you to all sponsors of the 17th AUTOSAR Open Conference for your support and commitment. Your contribution played an important role in making the event a success.

See You in Germany for the 18th AUTOSAR Open Conference

Continuing our tradition of bringing the AUTOSAR community together across different regions of the world, the next AUTOSAR Open Conference will return to Europe in 2027.

We invite the AUTOSAR community to Germany for the 18th AUTOSAR Open Conference. The exact location and dates will be announced in the upcoming months.

Stay tuned to the [AUTOSAR website](#) and [LinkedIn channel](#) for the latest updates and be among the first to learn more.

Organizational Updates

17th Help to Shape AUTOSAR: Share Your Feedback

AUTOSAR is launching a public survey to better understand how users, partners, tool vendors, developers, architects and integrators work with AUTOSAR technologies in daily projects.

We would like to hear your experience with topics such as ARXML, change comparison and merging, tool interoperability, and AI-supported development workflows

Your feedback will help us identify where future improvements and modernization can make everyday work easier and more efficient.

Please complete [the survey](#) by Sep 30th.

Please, scan the QR code to access the survey or use [this link](#).

Release Event R26-11: Save the Date

The upcoming AUTOSAR Release Event R26-11 will take place on December 3, 2026. The free virtual event, hosted on Cvent, will provide an overview of the latest AUTOSAR release and its key developments. Additional details regarding registration and the event agenda will be shared soon.
